

# **Impromptu Training**

## **Reporting Authoring with Impromptu (2 – Day -€1,150 per delegate)**

This 2-day course takes students with no Impromptu experience through an extensive list of topics to enable them to create fairly sophisticated reports. Subject areas covered include sorting, grouping, filters, frames, cross-tabs and formatting.

## **Advanced Impromptu Authoring (1 – Day - €575 per delegate)**

This 1-day course follows on from the Report Building course. The topics covered on the course include systems of reports, advanced crosstabs, preparation for Impromptu Web Reports and PowerPrompt applications.

## **Impromptu Administration (2 – Day - €1,450 per delegate)**

This 2-day course covers all aspects of administrating Impromptu for Windows. The course primarily covers the building of Impromptu Catalogs but also covers connecting to databases, deployment and performance. Students attending this course should either have attended the Report Building course or have equivalent experience.
